

THE MORNING APPEAL.

The Official Paper of Ormsby County.
FRIDAY.....FEBRUARY 22

ALL SORTS.

A new Reilly Funding Bill is before Congress.

Dust was blowing yesterday the first time in three months.

Lloyd Tevis has subscribed \$50,000 to the San Joaquin Valley road.

There will be no paper issued tomorrow—Washington's birthday.

The steamer City of Sydney is still held in quarantine in San Francisco harbor.

The plea of insanity has been ruled out of court in the Hayward case at Minneapolis.

A bill prohibiting women wearing high hats has passed the Assembly of the California Legislature.

A laborer named Chas. Hill was caught in a windlass on the Oakland wharf. He was literally ground to pieces.

The navy appropriation bill has passed the House at Washington, the provisions for new ships being retained.

Unfortunately for the people, Mr. Carlisle says he will not resign, but will see Cleveland through on his bad venture.

The building trades have struck in New York out of sympathy with the electric workers. About 100,000 men will go out.

Inaugural Ball tickets, Nos. 256 and 257 have been lost, and no one will be admitted presenting these tickets at the door.

Dolph lost two votes yesterday in the senatorial fight in Oregon. It is conceded that he is an anti Silver man and cannot be elected.

Abraham Wise of Battle Mountain was tried in the U. S. Court yesterday charged with selling whiskey to Indians. The Jury was out at last accounts.

Dr. David Jordan has made the statement that there are no trout in any of the waters this side of the Rocky mountains. Does this effect our fish laws.

Speaker Allen is in error when he rules that motions to adjourn and roll calls can block the way to the putting the main question, after the votes are recorded in favor of putting it.

Yesterday in Chicago the members of the Republican city convention put in a quarter of an hour belaboring each other with canes and chairs before the public could quell the riot.

Assembly Bill 62, an act to place all purchases of supplies and the entire control of the county in the hands of the County Commissioners was knocked out yesterday in the Senate by a vote of 13 to 1. The general idea is that the County Commissioners have too much power all ready.

A syndicate of well to do Italians have hit upon a novel plan to supply the San Francisco market with fresh halibut. They have purchased the once famous racing yacht Cyclops, and intend putting in a large well amidship capable of holding many thousands of gallons of water. In this way a whole cargo of fish, caught on the halibut banks, can be kept alive until delivered at the city markets. By this means they expect a much higher price for their product than do the fishermen who bring their catches in dead.

Another Fad Exploded.

The senatorial capture of "desperate burglars" in this city by "brave women" is becoming tiresome. Nearly all the "burglars" captured are drunken bums or spiritless tramps, some of them wanted to be arrested, and most of the "brave women" are merely notoriety seekers.—S. F. Star.

Reward.

Mrs. Mary Post of the U and I company while in this city not long ago lost a purse containing a small sum of money and two rings. One was a turquoise set with chip diamonds, her wedding ring, with the inscription James Post to Mary Drilott, and the other a blood stone ring. The lady authorized a liberal reward to any one leaving them at her office. w1w

Fred Douglass.

Fred Douglass one of the most noted Colored men in the world dropped dead in Anacosta on Wednesday.

He was born a slave in Maryland in 1817, was a fugitive in 1838, then purchased his freedom, married a white woman, became an orator and writer and finally Minister to Hayti. He was one of the most talented and remarkable men of his time, and for years a personal friend of Abraham Lincoln, and a conspicuous figure in American politics. He died worth about \$200,000 and during his lifetime frequently did not know what it was to eat a square meal for days. Few men in history have lived so picturesque a life as his.

No Court Yesterday.

Yesterday was the day on which Jim Gardner was to have produced his child on the order of Judge Mack. There was no court however, the Judge being detained by business elsewhere. He will hold court on Saturday. There is much speculation in the city as to the present whereabouts of the child. It is said to be in this city. The court will be in session tomorrow.

Silver in England.

London, Feb. 20.—Notice was given in the House today of an intention to offer a resolution that an international agreement to restore free coinage and the full legal-tender power of silver is desirable.

The report that Sam Jones of Gold Hill is about to be married, is probably an error, and doubtless arose from the report of the engagement of Miss Birdie Samm to Milton Jones of Alameda, and mentioned in the papers as the Samm-Jones engagement.
